

Naked^{OAK}

Premium Oak Engineered Flooring

BY COMPLETE FLOORS AUSTRALIA

Be exposed to Naked Oak.

Manufactured in a world class mill, Naked Oak is a masterful combination of genuine French Oak bonded to a strong Hevea core. The engineered profile features kissed edges on all four borders, to create an overall dimensional look, and a traditional tongue and groove locking system for easy installation.

Naked Oak is finished using a wire brushing technique, removing the soft grain to create a surface with natural depth and texture. The uninterrupted topographic like grain of the Oak is accentuated with a Natural stain which simultaneously illuminates the distinct almond, blonde tones to the deep champagne hues of the heartwood.

Specifications:
